

To whom It May Concern:

My name is Dawn, I am an Indiana resident and have been for most of my life. I would like to say that my entire family enjoys having the use of our telephone service, but doesn't enjoy having unwanted soliciting phone calls. I'm not talking about businesses that we have already established business with, but those who are out to sell something. Since we pay for monthly phone service and long distance as well, we should have the right to choose what kind of businesses contact our home. Especially those that call persistently even late at night when we are asleep in bed. Though my voice is just one, one is all it should take. Consideration of this matter should be a serious one. Thanks for your time. Sincerely, Dawn Muncy
